### ILUVIEN CoPay Program:

Patients with commercial or private insurance that covers ILUVIEN for the approved indication are eligible for the program. Patient must be resident of the United States. The program does not have an income eligibility requirement and there is not a maximum assistance level. Patient is responsible for the first $25 of the co-pay for ILUVIEN. Household income and number in household is required information for program approval.

Proof of income may be requested for auditing purposes. Program does not include assistance for patient cost share for injection procedure or other costs associated with the administration of ILUVIEN.

### Foundation Assistance:

Foundations are independent, non-profit organizations dedicated to providing underinsured patients with financial assistance through disease-specific funds. For ILUVIEN, financial assistance may be available through a Macular Disease Fund established by a foundation.

*We would like assistance with the process of initiating an application with a foundation for this patient.*

If assistance with the foundation application process is selected, patient is required to read, sign and date the following:

**FOUNDATION APPLICANT INSTRUCTIONS AND AUTHORIZATION:**

*Please read through this information carefully. If you have any questions, please talk to your health care provider's office.*

I hereby attest and certify that the information provided here is complete and accurate. I understand and agree that the foundation(s), and their authorized third party agents, may use my demographic information, including but not limited to, my social security number, date of birth, name and address to obtain information about me from third parties to evaluate my application for financial assistance from a foundation. I authorize the foundation(s) and their authorized third party agents to obtain consumer records about me, including my credit information and other information derived from public and other sources in order to estimate my income and determine my eligibility for financial assistance from the foundation. AccessPlus has been advised that the soft credit inquiry used in the application process does not impact the patient's credit score. I also authorize the foundation(s) and their authorized third party agents to obtain information about me from sources of information other than consumer reporting agencies in order to assess my eligibility for financial assistance from a foundation.

I understand that the foundation(s) and their authorized third party agents reserve the right to ask for additional documents and information at any time. I also understand that the financial information I report may be subject to an audit, as deemed necessary by the foundation(s) providing financial assistance to me.

I further understand that any false or incomplete information I provide to the foundation(s) could unduly harm the foundation, its reputation, and its tax-exempt status and, therefore, may also constitute fraud for which I may be legally liable. I understand that any financial assistance provided to me by a foundation may be recouped, if the foundation becomes aware of any inaccurate information or fraudulent activity relating to the application or the assistance provided.

I understand that assistance is not guaranteed or promised. Any assistance the foundation may provide is limited to the terms and conditions established by the foundation. The foundation reserves the right at any time, and for any reason, without notice, to (1) modify the application form, (2) modify the eligibility criteria, or (3) modify or discontinue any assistance. This authorization is effective for 3 years from the date set forth below with my signature.
